Brubeck Concert Nixed As 'U' Can't Meet Fee

Negotiations for a jazz concert featuring Dave Brubeck fell through yesterday afternoon when Jess Pfohl, Deer Lodge, chairman of the Outside Entertainment committee, announced that ASMSU could not meet the \$1,000 fee asked for the quartet.

Pfohl said that even if the money had been raised, a special plane would have been needed to fly the quartet to Missoula.

Brubeck, a favorite on the west coast and at eastern colleges, is the newest important figure in

the jazz world. The quartet, which recently moved into the \$100,000 a year bracket, is completing a nation-wide concert circuit.

Pfohl said that his committee and several student union groups will go ahead with plans for "open house" with free movies and dancing to the music of the Freshman Orchestra at the Union Friday night.

The show, "All About Eve," an academy award winner, will start at 7:30, with dancing from 9:15 to midnight in the Gold room.

"All About Eve," stars Betty Davis, George Sanders, and Ann Baxter. "East of Skid Row," a prize winning short, will also be shown.

Bear Paws will pass out hamburgers and cokes in the Bitter Root room.

Ski Enthusiasts Register for Trip To Big Mountain

Seventy-five students have signed up for the annual Ski Weekend at Whitefish, Jan. 21, 22 and 23, according to Dave Penwell, Billings, Ski club president. At least 100 students are expected to make the trip.

Total cost for the Ski club sponsored weekend is \$19.75. This includes food, transportation, and lodging.

A ski movie will be shown following the club's meeting tonight in J 211.

The club is now a member of the Northern Rocky Mountain Ski association and is qualified to classify anyone who wishes to race during the 1955 ski season. In conjunction with the association, the club plans to donate \$50 for the United States Olympic Ski team.

Costa Rican Army Defends Homeland

Nicaraguan invaders have seized an important communications center 35 miles inside Costa Rica. A correspondent reports that Costa Rica's 1,500 National Guardsmen have been sent to stop apparently smaller numbers of invaders.

The Council of Organization of American States, meeting in Washington, has voted to call a special meeting of American foreign ministers to consider the situation. A group from the council may visit the scene immediately.

A C-119 Flying Boxcar . . .

... near Miles City caught fire early yesterday. All 32 of the paratroopers aboard parachuted to safety. The five crew members later landed the plane at Miles City municipal airport.

Hammarskjold was turned down

... by the Chinese Communists in his plea for the release of 11 American fliers, say U.N. sources in New York. The Secretary-General is due to arrive in New York from Peiping late this week.

Winter Enrollment Shows Increase, 2,450 Registered

Registration for Winter quarter has increased 17 per cent over Winter quarter last year, according to Leo Smith registrar. Registered for the quarter are 2,450 students.

This figure was announced covering registration up to Jan. 8 and indicates a continuance of the upward trend in registration which began in the fall of 1952. Late registrations are expected to increase the total, Smith said.

The total compares with 2,100 at the beginning of Winter quarter, 1954, and 2,062 in 1953.

Of the 2,450 registered, 1,754 are men and 696 are women, 106 are former students not in attendance during Autumn quarter and 127 are new students who have not attended the University before.

Nye Cast for Lead Role In 'Crime and Punishment'

Casting has been completed for the second all school play of the season, Rodney Ackland's stage adaption of Dostoyevsky's "Crime and Punishment," according to A. Wollock, director.

The leading role in the production, that of Raskinikoff, a destitute student living in the slums of St. Petersburg, has been assigned to Bill Nye, graduate assistant in the English department.

Others in the cast include Jeanne Kostelic, Arlee; Ed Focher, Ballantine; Doug Giebel, Big Sandy; Teresa Drivdahl, Big Timber; Sally Hines and Joann Brooks, Billings; Jack Howell, Bozeman; Harry Eyler, Butte; Betty Jean Normandeau, Conrad; Russell Pfohl, Deer Lodge; and Jim Roberts, Dillon.

Arlene Dow, Fairview; Peg Hansen, Ripley Hansen, and Jerry Weissman, Great Falls; Dick Howell, Hamilton; Alice Storaasli, Dale Harvey, and Charles Mills-paugh, Kalispell; Frank Arness, Libby; Hank Larom, Marge Lovberg, Alice Ann Larom, Bruce Cusker, Pat Irwin, Sidney Malouf, Dicky Malouf, Bobby Malouf, Jim Hansen, Beth Briggs, James Myhre, and Don Barney, Mis-

Music Fraternity Meeting To Draw Out-of-Staters; Delegates Register Friday

Phi Mu Alpha, Sinfonia music fraternity of America, will receive a welcome by Pres. Carl McFarland Friday afternoon and launch into panel discussions Saturday morning on "problems of organization" to get the Province 18 annual convention under way.

About 100 officers and delegates are expected to register from the University of Idaho, Washington State college, and Eastern Washington college of education.

Convention delegates will hear speakers from the MSU music school such as Prof. Lloyd Oakland, Inst. Hubert P. Henderson, and Prof. John Lester besides Province 18 Gov. Elwyn E. Schwartz, who attended the thirty-third National convention in July at Cincinnati, Ohio.

Twelve pledges will be initiated Saturday afternoon in the secret ritual of the fraternity.

Following the initiation Prof. Oakland will be presented with the fraternity pin of the late Prof. Stanley M. Teel. The pin will be presented by Don Hardisty, Butte, vice-president of the local Phi Mu chapter.

The convention will be climaxed Saturday night with an "American Concert," a program of contemporary American music, open to the public, and played by students and faculty schools in Phi Mu Province 18.

Guests and local Sinfonians will gather again Sunday morning for breakfast in the MSU Lodge and official adjournment by Province Governor Schwartz.

Local chapter members and pledges will be on hand to welcome the guests and conduct tours through the new music building. Local officers are: Leo Musburger, Missoula, president; Don Hardisty, Butte, vice-president; Ed Colby, Missoula, secretary; Jim Carrell, Missoula, treasurer; Ron Erickson, Lewistown, historian; Melvin Lang, Chicago, Ill., alumni secre-

tary; and Clair Hallock, Opheim, warden.

The MSU chapter is one of 135 in the United States. These chapters are broken into 21 provinces representing some of the leading schools in the country. Among the national honorary members are: Arthur A. Hauser, president of the Theodore Pressor & Company publishing house; Sigmund Spaeth, well-known author and music critic; and Howard Hanson, director of the Eastman school of music since 1924, who was recently given the "man of music" award for '54.

Five Receive Internship In Accounting

Five MSU accounting students have been employed as a result of interviews in an internship program sponsored by the Accounting Division of the School of Business Administration, according to Dr. D. J. Emblem, instructor at the business school.

The five men are Martin May, Anaconda; John Dunbar, Butte; Edwin Wagner, Chinook; Cloyse Overturf, Helena; and Glenn Stroehrer, Billings.

The program, first introduced in 1947, was said by Dr. Emblem, to have been recently revived to aid juniors and seniors, majoring in accounting, to gain work experience prior to graduation. The idea was developed in cooperation with regional and national Certified Public Accounting firms.

May, Dunbar, and Wagner are employed by the Peat, Marwick, Mitchell firm. May is at the branch office in Denver and the other two are in Portland. Overturf and Stroehrer are with Haskins and Sells firm at the branch office in Seattle.

The students are still registered here. They will receive two credits for this quarter. To earn these credits, they must write a report on their jobs upon return. They will all return for spring quarter and will continue regular classes at that time.

Qualifications for employment in this program are that they must be accounting majors with average or better grades, and must impress the interviewer for the jobs with their general ability.

While on the job, the five men will receive \$300 a month. Their round trip transportation cost is paid, and if they go on the road during their time of employment, travel expenses will also be paid, according to the report.

Foresters' Ball Chairmen . . .

These students form the executive committee for the Foresters' ball. Each is chairman of a certain ball committee. Committees faced new problems this year with the moving of the ball to the Field House. Chairmen and their committees are, l. to r.: Lou Boll, Winona Minn., bar; Paul Heinz, Showano, Wis., band; Dan Daniels, Helmsville, assistant chief push; Pat Ryan, Trenton, N.J., dining hall; Arne Royce, Belfry, gym decorations; Don Williams, Hamilton, chief push; Al Crozer, Trenton, N.J., trees; Mary Meagher, Spokane, Wash., chow; Joanne Golden, Missoula, tickets; Pete Leveque, Vallejo, Calif., special effects; Tom Patterson, Minocqua, Wis., doorway; Kelsey Smith, Helena, publicity; Dave Owen, Missoula, finance and art. Not pictured are Dal Johnson, Milwaukee, Wis., exhibition room; Jim McLean, San Luis Obispo, Calif, checkroom, and Pete Stoffe, Honolulu, Hawaii, wood butchers.

LITTLE MAN ON CAMPUS BY DICK BIBLER

"Flossy said she got so much out of your course, professor, I want to enroll."

Higher Education Minimizes

Will Montana's higher education system advance during the next two years or will it remain at its present status? This question will face the state legislature when the proposed budget for higher educational purposes is presented by the State Board of Education during the current session.

Actually the recommendations being made by the Board are not enough to forward MSU, but about enough to keep it at the present level. In figuring the money needs for Montana's higher education system, the Board took the average annual expenditure for the past two years, added enough for maintenance of new state financed buildings (the Student Union, Field House, and dormitories are not state financed), and added 3 per cent to cover increased costs according to the National Price index for the past two years.

Realizing an increase in present operating costs, the Board recommended an additional amount. The total MSU operating budget that will be presented to the legislature for approval is \$2,461,113 for 1955-56 and \$2,466,613 for 1956-57.

The fallacy in drawing up the budget is that practically all appropriations are based on past or present expenditures. During the next two years costs of services, material, maintenance, etc. will go higher yet. The anticipated enrollment increase for next year in all six units is approximately 700, and the following year 400. MSU can, judging from past figures, count on about two-fifths of these students. When the enrollment increases, needs increase too. Where will the money come from to meet these needs and keep up with other Universities at the same time?

The Board recognized a need for required increases in plant and facilities, but the \$980,000 allowed for this will only take care of immediate needs. New needs during the next two years will suffer.

Gov. Hugo Aronson said in his state of the state message, "...the State of Montana should provide from state funds sufficient revenue equivalent to the present six-mill levy for the University units..." Later in his message he said, "I could hardly believe it when the State Controller's report indicated that the requests for University units totaled \$19,000,000. His final words were, "...I think you will agree with me that the upsurge of demands for education gives cause for close examination."

These remarks by the Governor indicate that he does not favor increasing school appropriations unless absolutely necessary. It is the duty of the taxpayers (including MSU students) to show him and the State Legislature that an increase is necessary if Montana is to provide superior college education.—B.N.

Students Must Register Again For Employment

The MSU employment bureau, which placed 475 students in odd jobs and 142 in full time jobs last quarter, now has a backlog of 41 men who have registered with the bureau for jobs this quarter, according to Maxine Black of the employment bureau.

Miss Black said, "Students who registered for jobs last quarter and did not get jobs, or students who want more jobs, must register again because old registration blanks are not used to fill openings which come in this quarter."

During Christmas vacation, the employment bureau placed 25 students in full-time jobs for the vacation and found board and room for eight students.

At the present time, the employment bureau has three jobs open; one a cashier in a local theater, afternoons 12 to 5, Monday through Friday; one for an older woman student to care for a person recently released from a hospital with board, room, and wages; and a baby sitting job from 8 a.m. to 3 p.m. Tuesday, Wednesday,

Sunday Drivers ... Notice!

You are more likely to be involved in a fatal accident on Sunday than any other day of the week according to a summary of 1954 highway accidents released by the Montana highway patrol.

Of the 220 people killed in 183 fatal accidents last year, 35 occurred on Sunday, 24 on Monday, 17 on Tuesday, 22 on Wednesday, 24 on Thursday, 29 on Friday, and 32 on Saturday.

A further breakdown of the fatalities indicated that 97, or 53 per cent, of the accidents were vehicles running off the road, while 43, or 23 percent, were collisions between motor vehicles. There were 22 pedestrians killed—eight in cities and 14 on state highways.

More than three times as many men were killed—170 to 50. Twenty-two percent of those killed were between 45 and 64 years of age.

and Thursday. The latter job would be more acceptable for the wife of a student.

The employment bureau is located in Cyrille Van Duser's office in the Student Union building.

The Montana KAIMIN

Established 1898

The name Kaimin (pronounced Kimeen) is derived from the original Salish Indian word and means "something written" or a "message".

Published every Tuesday, Wednesday, Thursday, and Friday of the college year by the Associated Students of Montana State University. Represented for national advertising by National Advertising Service, New York, Chicago, Boston, Los Angeles, San Francisco. Entered as second-class matter at Missoula, Montana, under Act of Congress, March 3, 1879. Subscription rate \$3.00 per year.

Editor, Bob Newlin; Business Manager, Joan Brooks; News Editor, Ed Stenson; Campus Editor, Kim Forman; Society Editor, Barbara McIlott; Feature Editor, Pat O'Hare; Sports Editor, Art Mathison; Photographer, Hoover Ogata; Circulation, Richard Spaulding; Faculty Advisor, E. B. Dugan.

Vet Proclamation Changes Benefits

C. N. Lindsay, contact representative for the Veterans Administration in Missoula, today explained the effect a presidential proclamation ending eligibility for certain post-Korean benefits will have on the Korean G.I. education program.

Those who enter the armed forces after Jan. 31, 1955, will not be entitled to education or training under the bill. Those who enter the armed forces prior to that date will build up entitlement for Korean G.I. training only until that date.

Further information may be obtained from Lindsay at the Veterans Administration office in the Federal building, Missoula.

Grads to Form New Organization

A graduate organization on the campus will soon be established.

Almost 100 per cent of the graduate students responded to the idea. They signified by return letters that they are interested in a social and academic club.

The first meeting date has not been set but will probably be next week, according to E. J. Lease, Missoula, chairman of the graduate committee.

Early in October Dean Gordon B. Castle called a meeting of all graduate students of all departments, and their wives, to see if they would be interested in some sort of organization. It was felt that graduate students have no campus organization into which they fit well.

LITTLE MAN ON CAMPUS

BY DICK BIBLER

Kotschevar Predicts March 1 As Lodge Completion Date

The exact completion date of the MSU Lodge is not definitely known although most of the building is now in the final stages of construction, according to Prof. Lendal Kotschevar, director of residence halls and food service. Prof. Kotschevar said that the finishing date would most likely be March 1. He has suggested March 17, St. Patrick's day, as a good dedication date.

The student union area of the Lodge needs quite a bit more work before it will be ready. Workmen are just beginning finishing work on the grill and the walls are not yet boarded up.

The flooring and light fixtures are not yet installed in the Yellowstone room, which will serve

as a banquet and conference room. The ceiling and walls are complete in the student activities room, but the floor is unfinished. The kitchen is the only area which can boast completely finished floors.

The game room is likely to be the last room completed in the MSU Lodge.

'Daddy' Calls Bertha Home

It's not quite what Shakespeare could have done, but then the bard wasn't hindered by the intense emotion which no doubt impaired this poet's ability.

"Bertha won't you please come home?"

Your lovin' Daddy's all alone.
You promised all in vain
Never no more to roam again!

This lament was found in the Forestry library the other day. But so far, Bertha hasn't come home.

Various clues, one leading far as Syracuse, N.Y., have been tracked down by the steely-eyed foresters. But all have come to a dead-end, and now they admit that they know not where Bertha is.

Husband, Father, and Coward, Slat's Still Plays Basketball

By KEN BYERLY

It was the only certified coward Korea," Garnet "Slat's" Reynolds, Grizzly basketball reserve, jokingly as he dressed for practice.

Slat's, who got his high school education in Sand Point, Idaho, at two and one-half years in army, seven months on the lines in Korea. After leaving high school in 1949, "Slat's" spent a year at Palo Verde Junior College in Blythe, Calif.

He was the tallest man on the basketball team, the tobacco-smoking native of Fairview, Mont., 6'10". The 23-year-old six-footer led that the school's registration of 93 included 90 athletes three cheer leaders.

Awkward But Colorful
Under persistent questioning "Slat's" admitted that he had played defensive halfback on the Palo Verde football team and out on the baseball nine. Of outfield days, "Slat's" commented, "I was more of a wall-gazer than a ball-banger. You might say awkward, but colorful." Further questioning revealed that Palo Verde won the conference championship in all three sports that year and posted 9-3 basketball record.

"Slat's" was drafted in March 1951 after a short stint at Kanab, Utah. He took his basic training in Hawaii where he admitted he "carried a scythe to work with the grass skirts."

He went overseas with the Air Force Rangers after instructing at Fort Benning, Ga. **No Bayonet Attacks for Me**
When they threatened to put on the front line I volunteered for Officers Training school," he remembered with a wry grin. He emerged from OCS as a lieutenant and the Rangers and went on to spend seven months on combat duty. Though he refuses to play the role of the hero, he admitted

that his outfit was disbanded because of 85 per cent casualties. "On bayonet attacks, I lagged behind to enjoy the terrain," he said. When asked about his most ex-

GARNET REYNOLDS

citing experience, he recalled one sultry June night during the evening meal when the Red Chinese scored a direct hit on the outhouse.

Best Guard House Lawyer
"One unforgettable night," "Slat's" recalled, firing tobacco juice at a nearby beetle, "We parachuted on an off-shore island expecting to find hundreds of commies and a completely equipped radar station. Next morning we scouted the island and rounded up 12 sleeping North Koreans. We jumped, expected to find a full cupboard, and awoke to find it bare."

The former Sandpoint athlete received his discharge in November, 1953. Married and a father, "Slat's" has yet to hit his stride as a Grizzly. Whatever the case, he has no regrets about relinquishing his position as "the best guardhouse lawyer the army ever had."

Fans Applauded

Aggie captain Hal Kinard drew applause from Field House fans for his sizzling floor play Saturday night. Besides hitting five of nine field goal attempts and six of seven free throw flips, the 5'11" senior forward snared 10 rebounds as the Aggies hung the first home loss of the season on Montana, 75-58.

Sprint Relay Gives Daniels Tank Victory

A win in the four-man relay gave varsity swimming captain Jack Daniels' team a 41 to 33 win over John Rounds' team in yesterday's varsity intra-squad swimming meet.

According to coach John Zeger, the meet was very satisfactory, but the boys needed more conditioning. Zeger also added that some of the boys are close to their times of last year and with more work should surpass their own marks.

Ken Cardwell gave a diving exhibition.

Results:
180-yard freestyle: 1. Rounds; 2. Dawson; 3. Schmidt.
40-yard freestyle sprint: 1. Kuhns; 2. Moore; 3. Cardwell.
80-yard freestyle: 1. Kuhns and Johnson; 3. Ferguson.
380-yard freestyle: 1. Rounds; 2. Dawson; 3. MacPherson.

120-yard individual medley: 1. Daniels; 2. Choong.
180-yard breaststroke: 1. Yale; 2. Lien; 3. Thomas.

180-yard backstroke: 1. Daniels; 2. Gruhn; 3. Choong.

240-yard medley relay: 1. Daniels' team (Johnson, C; Thomas; and Johnson, D.); 2. Rounds' team (Gruhn, Yale and Ferguson).

320-yard sprint relay: 1. Daniels' team (Skees, Moore, Daniels, and Johnson, D.); 2. Rounds' team (Ferguson, Cardwell, Choong, and Schmidt).

M-Club Pugilists To Begin Training

"With M-club fights slated for this quarter, interested pugilists should begin working out," Paul Westkamp, Ronan, M-club representative, said Monday.

Howard Burke, Livingston, M-club president, said the date will soon be announced. "In the past, certain fighters have been beaten because they neglected to start training early enough. As a result, they could not hold their own in the ring. Let's not have that happen this year," Burke said.

M-club fights are an annual event, sponsored by those who have won letters in Grizzly sports. All students are eligible to enter and can do so by contacting either Burke or Westkamp. Training is left to the individual.

Rifle Team Wins, Schessler High

The University varsity rifle team won its first match of 1955 when it overpowered the St. Ignatius rifle team 1405 to 1393 in the Western Montana Small Bore league at St. Ignatius Monday night.

Don Schessler, Laurel, was high point man for both teams with a score of 289. Following Schessler were John Foster, Springfield, O., 283; Bruce Howe, Bucyrus, N.D., 284; Charles Coston, Oak Ridge, Tenn., 278; and Harlan Hayes, Missoula, 271.

Fifteen men made the trip but only the top five men fire in competition. Any man has a chance to be one of the top five men by his scores on a trip or at home during the week.

Silvertip Scorers Led By Howard; Team's Totals Low

An old sports adage, "statistics tell the story," can be relied on in most cases. However, the Grizzlies, being no ordinary team, seem to be an exception to the rule. In winning six out of ten games thus far, the Silvertips have been outscored by opponents 689 to 657; are connecting on only 31 per cent of their field goal tries as compared to a more illustrious 38 per cent for the opposition; and have salvaged 58 per cent of their free throw attempts to 66 per cent for their foes.

Individual scoring is as follows:

Name	FG	FT	TP	Avg.
Howard	74	42	190	19.0
Rhoades	56	22	134	13.4
Argenbright	40	38	118	11.8
Bergquist	25	12	62	6.2
Adams	17	16	50	5.0
Winterholler	8	18	34	3.4
Fine	10	11	31	3.1
Dunham	13	1	27	2.7
Others	3	5	11	1.1

Ray Howard not only leads in scoring but also paces the regulars in field goal accuracy with .392. The failure of Ed Argenbright to match his point production, which last year totaled 337, has hurt the Silvertip offense. The Cut Bank cager connected on 33 per cent of his tosses from the field last season, far above his .233 figure for the current campaign.

Lack of consistent outside scoring punch permits opposing guards and forwards to sag in on the big center, Howard. Forward Ed Bergquist has cut the cords 25 times from the field in 59 tries for a squad-leading mark of .424. Rudolph "Zip" Rhoades moved past Argenbright into the second slot in Grizzly scoring over the weekend and is hitting at a .333 pace. Dave Adams, fifth in total scoring, is hitting at a .262 clip and Fuzz Fine is averaging .323. Sophomore Al Dunham dropped to .241 over the weekend while aggressive guard Hal Winterholler has connected 32 per cent of the time.

Argenbright and Winterholler pace the squad at the free throw line with averages of .704 and .692, respectively. The team gift-toss percentage of 58 falls short of last year's 66 per cent.

Howard has scored most field goals in one game with 11 in 19 tries in the first Gonzaga game. The big center also hit for the most free throws in a game, notching 10 in 10 tries against St. John's.

The referee's whistle has sounded most often against the Grizzlies who have committed 185 fouls; their opponents have been guilty 172 times. Bergquist paces the team in that respect with 33 fouls.

Skaters Face Calgary Feb. 19 on Butte Ice

At a meeting of MSU hockey enthusiasts recently, it was disclosed that the new team of university students will have its first taste of combat Feb. 19, in Butte.

Tom Clark, Missoula, manager, told the meeting that games had been arranged with teams from Calgary, Alta.; Creston, B.C.; and Butte. The first game in Butte will be against a Calgary team.

The practice sessions will be held on any ice surfaces in the Missoula area which afford the proper amount of space.

Silver Tips

By KEN BYERLY

Grizzly hoopsters get a real test this weekend, meeting perennial basketball powers Brigham Young and Utah. Currently tied for the Skyline lead with two wins and no losses, Utah has been ranked among the nation's top 10 hardwood squads most of the season. A high scoring aggregation with three transfers on the starting five, the Utes' defensive average of 59.0 points per game is good enough for tenth in the nation.

Montana can claim but one listing in the NCAA statistics dated Jan. 1. At that time Ray Howard ranked eighth in the country in rebounding with 19.0 per game. Currently big Ray has slipped to 16.9 per outing.

Garnet Reynolds, tobacco-chewing Grizzly reserve from Sandpoint, Idaho, hooped 108 points in a four-game tourney in Washington last year while playing guard for an independent team from Pasco, Wash.

Freshman cagers at New Mexico need not feel inferior to their varsity big brothers. The frosh quint averages 6'4" in height, compared with a 6'1" varsity average.

Incidentally, for those who wondered how Murdo Campbell and Rusty Fairly, ace quarterback from Denver, would enjoy playing on the same team after their take-off on the Marciano-Charles fight after the Denver game last fall, Murdo had this to say: "I forgot to bring my shoes and Rusty had an extra pair so he says, 'Murdo, try these on for size.' I did; they fit and we were buddies from then on."

Two Grizzly opponents during the season, BYU and Whitworth, have lost key men from their hoop teams via expulsion. Phil Jordan, 6'10" goliath from Whitworth who tallied 37 and 42 points against the Silvertips during early games, has been expelled. No reason was given.

Nick Mateljan, Brigham Young's ace center, was expelled from the Utah school, no reasons given. Informed sources say that Mateljan, a Catholic, could have been a victim of friction existing between himself and the Mormon school.

Independents Will Soon Initiate Book Exchange Program

A book-exchange service begins operation soon at MSU under the sponsorship of Independents.

At the regular Monday meeting of the organization a motion was moved and adopted that a simple card file be set up, whereby students could register and select books which they no longer have use for, and books which they wish to obtain.

President Dean Hellinger presided over the one-hour meeting which was attended by approximately fifty students.

In an effort to widen the students' familiarity with the University, it was decided to ask the president of Tannan of Spur and of Bear Paw to speak at one of the meetings. It was felt that a description of the purposes, activities and nature of the two groups would be a step toward this objective.

A unanimous vote favoring the appearance of Les Brown was passed. It was taken in an effort to find out student opinion on the subject.

A committee was appointed to

study Interscholastic week and the possible services which Independents might perform during that week.

Planning for the book-exchange, which, it is hoped may be located in a public place, accessible to students, was begun immediately after the meeting. At present, the plan is to use filings cards; each one to be filled in by a person owning a book that he wishes to exchange or sell. Anyone wishing to obtain a book, may then consult the file and contact the person who owns it.

Nutter, Walsh Key PAD Initiation

Donald Nutter, state senator, and Emmet Walsh, assistant to the state attorney general, will give the keynote addresses at the Phi Alpha Delta rush and pledge banquet to be held at the Pines, Thursday at 6:30 p.m.

Glen Drake, Billings, Chief Justice of Phi Alpha Delta, will be master of ceremonies.

Paul Reynolds, Glendive; Dexter Delaney, Missoula; Jim Johnson, Butte; and William Morse, Billings, will also address the group.

Prof. Robert E. Sullivan, assistant dean of the law school, will be the group's special guest.

A Quick Visit . . .

The buffet luncheon honoring Helena basketball fans in MSU's new Lodge Saturday night gave Coach Jiggs Dahlberg a chance to meet parents and friends of some of his 1954-55 players.

Pictured above is Dahlberg talking to Mr. and Mrs. M. C. Howard, parents of Ray Howard (background) who is currently first string center for the Grizzlies. Sophomore Howard was high scorer with 21 points Saturday night against Colorado A&M. The Aggies won 75-58.

Seniors Urged To Register For Jobs

Of the five MSU graduates who registered for jobs with the placement center following last quarter's graduation, all have been placed. When interviewed yesterday, Mrs. Leona Peterson, assistant placement center director, also advised seniors expecting to graduate in March or June to register soon.

Of the five who were placed in jobs, two are now teaching. Sue Mann, Columbia Falls, is teaching mathematics at Pavillion, Wyo.; and Quentin Marino, Red Lodge, is teaching music at Stanford. Marino graduated last June but returned last quarter to do graduate work.

Two of last quarter's general business graduates, James Slingsby, Missoula, and Howard Ruppel, Missoula, are working for the Great Falls National Bank. Dammes Hoogendyke, Missoula, also a general business graduate, is working for the Continental Oil Company in Bozeman.

Urging winter quarter's graduates to register with the placement center, Mrs. Peterson said the center could do nothing for those who did not register, because personnel folders would not be available for prospective employers.

Registrants are expected to fill

Jumbo Closed; Fill Craig Wing

The new wing of Craig Hall opened to student occupancy last quarter, now holds 118 men, seven vacancies. Jumbo Hall "temporary" men's residence will be closed for the rest of the year except during such occasions as the spring track-meet, according to Lendal Kotschevar, director of food services and residence halls.

The rooms in the new wing have birch furniture and double bunks with seven-foot-long spring mattresses. The drapes are monkscloth and have double pull-type closing mechanism. Color and flooring of the rooms in the new wing are the same as in the rest of Craig Hall.

According to Kotschevar, MSU dorms will be furnished with this type of bedding in the next few years.

Because of the new food service, the old South hall dining room has been converted to a lounge. The recreation equipment previously in the basement has been moved up to the lounge, making room for more student quarters in the basement.

out the folder and enclose a snapshot of themselves for this purpose.

The center is located in Main hall, room 206.

KAIMIN CLASS ADS PAGE

Union Schedules Hobby-Craft Show

Raise ducks? . . . collect stamps? . . . make jewelry? If you do you're wanted for the Student Union Hobby and Craft committee's hobby shows to be held during winter quarter.

Here's your chance to show off your pet hobby and perhaps win an award.

The show, open to all MSU students, will be held in the Student Union building.

Kathy Booth, Helena, chairman of the Hobby and Craft committee, wants all students interested in showing off their pet hobby to leave their names in Cyrille Van Duser's office in the Student Union.

'bout the Size of It

In last Friday's issue of the Kaimin, it was reported that Scott Leedham, Glasgow, was elected president of Sigma Alpha Epsilon. This was a typographical error, and a correction should be noted to the effect that Leedham is president of Sigma Phi Epsilon.

Press club members will meet at 4:30 p.m. Wednesday in room 304 of the Journalism building to elect winter quarter officers, according to Joan Brooks, St. Ignatius, president.

Miss Brooks said that all journalism majors are urged to attend

Publications board reaffirmed Monday that four student service organizations are to receive free Sentinel space.

Representatives from Spurs, Bear Paw, Silent Sentinel, and Mortar board were told that they were to get free space under an ASMSU by-law.

Chairman Ray Moholt, Missoula, said that ruling was made after several campus organizations asked for a clarification of the by-law.

Lee Bayley, Kalispell, and Patsy Anderson, Bozeman, have recently been appointed by the Campus Chesterfield co-representatives on campus.

Bayley, a business administration and law major, is a member of Sigma Nu. Miss Anderson, a Delta Gamma, is a home economics major.

The position will mean valuable experience in merchandising, advertising, and public relations, according to the bureau.

The ASMSU Planning committee is working on several proposals to make student government more efficient, said Tom Van Meter, Ogden, Utah, chairman.

A secretarial committee to provide secretarial service for all student government committees, the possibility of combining some ASMSU and Student Union committees, and financial arrangements for the combined committees, have been proposed, according to Van Meter.

LOOK! LOOK! LOOK! LUCKY DROODLES!

WHAT'S THIS?

For solution see paragraph below.

OBVIOUSLY, THE TITLE of the above Droodle is: 47 insectology students enjoying better-tasting Luckies while studying 3 fireflies. All kinds of students are bugs about Luckies. Matter of fact, college smokers prefer Luckies to all other brands—and by a wide margin—according to the latest and greatest of all college surveys. Once again, the No. 1 reason: Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better . . . cleaner, fresher, smoother. So, enjoy the better-tasting cigarette . . . Lucky Strike.

Better taste Luckies...
